

TERMS OF USE:

1. At all times take all practicable steps to minimize hazards to persons, property and other aircraft (i.e. don't do anything hazardous).
2. Fly only in daylight
3. Maintain direct and dedicated visual contact at all times (e.g. not through binoculars, a monitor, or smartphone).
4. Have written consent from any people you want to fly above.
5. Not fly your UAV higher than 120m (400 feet) above ground level and regardless of height above ground do not fly any higher than the lower peaks of The Remarkables.
6. Give way to all crewed craft.
7. Reduce the flight ceiling to 10m (30 feet) when paragliders are visibly sharing the airspace. The motorised UAV must give way to unpowered flight by ceasing operation and landing.
8. Designate a take-off and landing area at least 20m away from any ski runs, equipment or people. Most sophisticated drones have a fail safe return to home function.
9. No flying over structures including conveyors, chair lifts or buildings.
10. The operator must be experienced and dedicated to operation during flight.
11. Comply with all instructions from any staff from The Remarkables while operating within the ski field area.

REQUIREMENTS:

1. You must have logged your flight at least 48 hours in advance on www.airshare.co.nz to fly over any part of The Remarkables Ski Area.
2. You must pre-register with The Remarkables administration 48 hours prior to any activity taking place, refer to the form below. You may be asked for further information including:
 - Your Drone users' public liability insurance certificate.
 - A site-specific health and safety plan that outlines any risks you perceive and how they will be mitigated.
 - A location map that indicates what areas of the reserve you intend to be using.
3. You must carry a record of your flight log including this flight and Air Traffic Control (ATC) provisional or full approval.
4. Your UAV must be less than 25kg or you must carry a copy of your Part 102 certification.

The Remarkables Map of restricted Air Space – No fly zone

The red transparent area indicates no fly zones. These are managed by ATC and extend down to ground level.

Register at least 48 hours prior to your visit:
