NEW FOR 2026

- 1 We've expanded the cafe with over 200 additional seats.
- 2 Increased snowmaking capacity in the Terrain Parks.
- 3 Two new groomers join the fleet, ramping up our grooming power.
- 4 Fire pits are coming to the café deck, bringing new ambience.
- 5 Upgraded rental gear across Queenstown.
- 6 Increased Ski Bus capacity with the purchase of 3 new MAN 4WD coaches and a 4th on delivery mid-season.
- 7 New Snowsports Heli Premium Private experience, where guests can enjoy a day heliskiing with one of our experienced Snowsports coaches.

EVENT HIGHLIGHTS

2 AUGUST

GRASSROOTS FREERIDE

This special event is for our up and coming skiers and riders to get a taste of what it's like to compete in freeride. Hosted by our ambassadors.

13 SEPTEMBER

BURTON STASH GATHERING

A gathering of skiers and snowboarders in The Stash enjoying a custom park along with music, a BBQ and spot prizes.

9-12 SEPTEMBER

SNOW MACHINE

It's time to party on the slopes with Snow Machine - the best vibe around, great music and a whole lot of fun.

FIND YOUR FREEDOM

the **remarkables**
Queenstown • New Zealand

ABOUT US

The Remarkables ski area is where you'll find your freedom. Located in the adventure capital of the world - Queenstown, New Zealand - it's not hard to see why this place is so addictive.

Our mountain is a welcoming, adventurous ski area boasting three sun-drenched, north-facing bowls and an epic terrain park that includes an iconic Burton Stash.

Known for being one of the best mountains for progression, the ski area offers a range of terrain to suit everyone. From off-piste black runs and daring chutes to wide-open learner slopes and everything in between.

The iconic mountain is the Home of Freeride in New Zealand and has hosted the country's only World Freeride Qualifier events. The Remarkables is also home to the Southern Hemisphere's only Freeride World Tour Academy.

Since 2014 strong investment has seen the development of an extensive snowmaking set up, installation of three high speed detachable chairlifts and an award-winning base building - all of which contribute to the world-class facilities on mountain.

Along with sister mountains, Coronet Peak and Mt Hutt, The Remarkables is dedicated to Kaitiakitanga, which focuses on continued restoration and enhancement of our environment.

ROAD TO CARBON NEUTRAL

The Remarkables belongs to family owned and operated business – NZSki. Our sister mountains are across the valley at Coronet Peak and further north at Methven’s Mt Hutt.

At NZSki our primary greenhouse gas emission sources are diesel fuel - used for grooming, transport and building heating - and electricity. Together our three mountains produce approximately 3000 tonnes of greenhouse gas emissions (Scope 1 and 2 only) annually.

HOW WE’RE MAKING A DIFFERENCE

WASTE REDUCTION:

In 2024, we introduced Sorting Stations to our food/drink outlets, reducing waste to landfill by 42% through better recycling and reusable tableware. With continued use in 2025, we saved 207k units of single-use food trays from landfill.

SUPPORT FOR CONSERVATION:

Planting, revegetation and pest control targets remain in place at each mountain, and we now have some AI traps in use. In 2025 we began supporting Southern Lakes Sanctuary alongside our work with the Kea Conservation Trust.

RENEWABLE ELECTRICITY:

We’ve partnered with Meridian Energy to use their Certified Renewable Energy product. This allows us to report our mountain market-based Scope 2 emissions as zero.*

CARBON CREDITS:

We’ve purchased carbon credits from Climate Action Company (formerly Carbonz). Since 2022 we have purchased 1336 tonnes of carbon credits to offset emissions.

*Using the market-based reporting methodology as per the GHG Protocol’s Scope 2 Guidance.
